Approved—

J. D. ROBERTS,

J. F. PHILPOT,

JAMES WOODS,

Selectmen of Rollinsford.

The undersigned Auditors of Town Accounts have examined the books of the Secretary and Treasurer for the year ending Feb. 20, 1892, and find all cash entries sustained by appropriate vouchers and castings correctly made and footings agree.

W. R. GARVIN,
C. O. NASON,

Auditors.

REPORT
OF
The Superintending School Committee
FOR DISTRICT NUMBER ONE
IN THE TOWN OF ROLLINSFORD,
March, 1892.

In accordance to custom your committee is again called upon to make an annual report.

Our High School was taught the first term by Mr. H. L. Allen, under whose charge the school had been for the past several terms, but Mr. Allen having resigned the position during the summer vacation it became necessary to fill the vacancy, which was done by securing the services of Mr. George S. Berry, who had been teaching in Worcester, Mass. Mr. Berry came here highly recommended, and, we think, has filled the position with credit to himself and satisfaction to the district.

Miss Nellie F. Lord has taught the Primary School, Miss May Lord the Intermediate School and Mrs. Sara F. G. Nowell the Grammar School the past year, with the same good results that have always attended the labors of these excellent teachers.

During the year, on account of having so many primary

scholars, we found it necessary to send classes into the High School (so called) in order to make room for them in the building, and we now have two primary schools and one intermediate and one grammar school. Our highest schools have for some years in the past been reducing their grade, partly for the lack of material, and partly on account of having to crowd ahead classes that were hardly prepared, in order to make room for primary scholars. Our school question is getting to be a serious one, and one that the district will have to meet at no distant day, for the past few years have made such changes in our population and scholars, that methods of conducting schools which have worked well, are not adapted to the present wants. We hope all who have the interests of our schools at heart will give this matter careful consideration, so that some action can be taken in the future.

O. S. BROWN,

J. Q. A. WENTWORTH,

F. E. BRIGHAM,

School Committee.

ANNUAL REPORT
OF THE
Board of Education of District No. 2,
TOWN OF ROLLINSFORD,
For the Year Ending March, 1892.

The Board of Education respectfully submits the following report :

As the citizens of the district well know, the incumbents of the Board of Education were appointed to fill a vacancy for the year by the selectmen of the town.

At the time of our appointment we had but a few days in which to secure teachers before the time fixed for the opening of the school and but a few good teachers to select from, as at that late day, most of them had been engaged elsewhere for the year.

We think under the circumstances that we were very fortunate in our selection of teachers. The schools were more or less broken up by the sickness of both teachers and pupils, but nevertheless, we can say that there has been a marked improvement shown in every school in the district. We have also been pleased to note that there has been greater interest manifested in the schools by the parents, than has been shown for some time. It is impossible for anyone who has not any child or children attending school, to have as much interest

as those who have, therefore it befalls the parents to take an interest and visit the schools often, that they may watch the progress made. We think if all parents would do so it would be a benefit, as it would show that they had some interest in the schools, and would encourage both teachers and pupils. We would suggest that each school have one or two visiting days each term.

We have carefully prepared a full tabulated report showing names of teachers and the attendance of pupils, etc., so that it is useless to go into details here, as all can see by a glance at the table what has been done.

As there was no money raised last year for repairs and books, etc., we have been as economical as possible with the school money and we trust that at the coming school meeting a sufficient amount may be raised for the coming year. Some of the school houses are sadly in need of repairs, and in fact are a disgrace to our town, and we hope and trust that enough money will be appropriated this year to put them in good shape.

All of which is respectfully submitted.

SAMUEL HALE,
HUGH CUNNINGHAM,
SAMUEL H. DECATUR,
Board of Education.
